

CURRICULUM VITAE: Katherine A. O'Hanlan, MD

Gynecologic Oncology Associates
 4370 Alpine Road, Suite 104
 Portola Valley, CA 94028-8015
 Telephone: 650-851-6669
 Facsimile: 650-851-9747
 E-mail: ohanlan@aol.com (not for patient use, please)

Updated: 1/2005

EDUCATION:

<u>Dates Attended</u>	<u>Institution & location</u>	<u>Degrees conferred Title or status</u>	<u>Major subject</u>
1972-1976	Duke University Durham, North Carolina	B.S. B.S.	Psychology Zoology
1976-1980	Medical College of Virginia Richmond, Virginia	Doctor	Medicine
1980-1984	Atlanta Medical Center Atlanta, Georgia	Resident	Obstetrics/Gynecology
1984-1986	Thomas Jefferson University	Subspecialty Fellowship	Gynecologic Oncology

CERTIFICATIONS:

American Board of Obstetrics and Gynecology: 1987, recertified in 1996 until 2007
 Subspecialty Board in Gynecologic Oncology: 1989, recertified in 1996 until 2007

PRINCIPAL POSITIONS HELD:

1986-1990	Assistant Professor, Division of Gynecologic Oncology, Department of Obstetrics and Gynecology Albert Einstein College of Medicine, New York, NY
1990-1996	Assistant Professor, Associate Director Gynecologic Cancer Section, Department of Gynecology and Obstetrics Stanford University School of Medicine, Stanford, CA
1997-Present	Attending Gynecologic Oncologist and Surgeon: Stanford University Medical Center, Stanford, CA 1990-2002 Palo Alto VA Hospital, Palo Alto, CA 1991-1997 O'Connor Hospital, San Jose, CA 1004-1999 Mills Peninsula Hospital, Burlingame, CA 1994-Present Sequoia Hospital, Redwood City, CA 1994-Present El Camino Hospital, Mountain View, CA 1993-Present

HONORS AND AWARDS:

- 1983 Outstanding Resident: Mitchell R. Sealy Award for Excellence
 1987 Albert Einstein College of Medicine Faculty of the Year Award
 1992, 94 Stanford University Alvin Rambar Teaching Excellence Award nominee
 1993 American Business Women's Association Award
 1993 San Francisco Focus Best Bay Area Doctors
 1994, 95 Best Doctors in America, GYN Oncology, National Edition
 1995 Stanford School of Medicine Gender Equity Award
 1996, 97 Best Doctors in America, GYN Oncology, Pacific Region
 1996 Stanford University Medical School Pre-clinical Teaching Award
 1996 Delegate, United States Department of Health and Human Services to the
 Canadian Women's Health Forum, Ottawa, Canada
 1997 San Francisco Focus Best Bay Area Doctors
 1997 American Academy of Family Physicians Teacher Recognition
 1997 Bay Area Career Women's annual achievement "LAVA" Award
 1997 Who's Who of American Women
 1998 Howard Brown Medical Center, Chicago, Friend for Life
 1999 Gay Lesbian Medical Association Achievement Award
 2001 UCSF Center for Health and Aging: Advocacy Award
 2003 American Civil Liberties Union: Frontline Award for Activism
 2003 Best Doctors in America, Gynecologic Oncology, National Edition
 2004 The Mautner Project Healing Works Award
 2005 Best Doctors in the Bay Area, San Francisco Magazine

SERVICE TO PROFESSIONAL ORGANIZATIONS:**Society of Gynecologic Oncologists**

- | | |
|--|----------------|
| Member | 1986 - Present |
| Program Committee | 1992 - 1993 |
| Communications and Government Relations Committee | 1992 - 1996 |
| Negotiated new billing number for gynecologic oncologists
with Health Care Financing Administration | 1999 - 2000 |
| Liaison with American Medical Women's Association | 1992 - 1995 |
| Invited faculty for laparoscopic surgical skills course | 2004 |

American College of Obstetricians and Gynecologists

- | | |
|---|----------------|
| Member | 1982 - Present |
| Annual invited lecture about sexual minority patients' healthcare: | 1998 - 2002 |
| Consultant for Educational Bulletin and Educational Brochures
for patients about lesbian/bisexual women's health issues. | 2001 |
| Consultant: Health Care for Underserved Women Policy | 2001 - Present |

Gynecologic Oncology Group

- | | |
|--|-------------|
| Endometrial/Trophoblastic Committee | 1993 - 1995 |
| Principal Investigator for Stanford University | 1995 - 1996 |

Eastern Cooperative Oncology Group

- | | |
|----------------------|-------------|
| Gynecology Committee | 1997 - 2000 |
|----------------------|-------------|

American Radium Society

- | | |
|----------------------|-------------|
| Membership Committee | 1992 - 1993 |
|----------------------|-------------|

Nominating Committee	1993 - 1994
Program Committee	1996 - 1997
California State Medicare Carriers Advisory Committee	1992 - Present
Successful projects: Dual X-ray Absorptiometry yearly use in menopause. Brochure for patients and physicians on pap smears coverage after cancer or in menopause.	
American Medical Women's Association	1994 - Present
Wrote unanimous policy about Lesbian, gay, bisexual transgender patients' healthcare and civil rights, endorsing marriage. Wrote curriculum for lesbian health care.	
American Medical Association	
Reviewer for the Policy Statement on Gay And Lesbian Patients	1994
Consultant for Women's Leadership Summit	2003
Gay and Lesbian Medical Association	
Member	1986 - Present
Member of Board of Directors	1991 - 1996
President	1993 - 1994

REVIEW SERVICE TO PROFESSIONAL PUBLICATIONS:

<u>American Journal of Obstetrics and Gynecology</u>	<u>Cancer</u>
<u>American Journal of Public Health</u>	<u>Gynecologic Oncology</u>
<u>Archives of Family Medicine</u>	<u>Obstetrics and Gynecology</u>
<u>Journal of Women's Health</u>	

SERVICE TO UNIVERSITY:

- 1989 Author, Albert Einstein College of Medicine, Domestic Partner Benefit Bill, passed unanimously by Faculty Senate, New York, NY, September 23, 1989
- 1990 Author, Stanford University Benefit Parity Bill, passed by University Faculty Senate, Medical School Faculty Senate, Student Senate, and the Board of Trustees, December 1992, implemented January 1993.
- 1994 Co-author, Stanford University Investigational Review Board Policy on Inclusion of Women in Clinical Trials.
- 1995 Mentorship program for Minority summer Research Program.
- 1992-1996 Investigational Review Board, Stanford University,

SERVICE TO COMMUNITY:

My service to the public has had two foci. One focus has been to bring medical information about the Gynecologic cancers to the public in a way that is accessible and useful, with the ultimate goal of reducing risk for cancer and making early diagnosis possible. I have given over 500 lectures to women's groups, senior women's groups, retirement homes, high schools, YWCA's, book stores, and employment associations since 1990.

The other focus has been on Lesbian, Gay, Bisexual and Transgender (LGBT) health issues. In 1992, I initiated and lead the Benefit Parity Bill Initiative at Stanford University, which made

Stanford the first university in the world to offer an exactly equal benefit package to all employees, regardless of orientation. I have been very involved in the translation and interpretation of and education about the experiences and lives of lesbian, gay, bisexual and trans-gendered individuals to the medical community, as well as the general public. This activity has included many meetings in the early 1990's with Dr. Donna Shalala as Director of Department of Health and Human Services, Dr. David Satcher as Director of the CDC and others in the National Institutes of Health which have resulted in, among other things, the inclusion of questions about orientation and behavior in federal research instruments so that a demographic profile of the lesbian, gay, bisexual, and trans-gendered community members might be generated. Today this information is now widely published and is used to improve the health of LGBT's. Later in the 1990's, my focus was to disseminate information about the health issues pertinent to these populations in Grand Rounds, peer reviewed publications and reports. I give Grand Rounds lectures to universities, hospitals, medical specialty groups, The American College of Obstetricians and Gynecologists, and others about LGBT health challenges. To further generate quality research information on LGBT health, I founded the Lesbian Health Fund, which has collected and granted over \$375,000 in small grants to over 40 projects, resulting in over 45 peer-reviewed publications since its inception.

Cancer Section Leader, Scientific Workshop on Lesbian Health, Department of Health and Human Services, Washington, DC, March 23-24, 2000.

Keynote Address, Mayor's Summit on Lesbian Health, Making our personal commitment to health a political commitment, San Francisco, CA April 7, 2000.

TEACHING:

I have been active in the education of student physicians and others since 1986. In order to facilitate evaluation of these teaching activities, I have grouped them first by site, then by school, then by contribution. The lectures were attended by a number of students ranging from 8 to 200. Residency training lectures have generally been attended by up to 16 residents. Student and resident evaluations of my teaching have been consistently in the "excellent" range. Currently I give Grand Rounds in many hospitals and universities, teaching about laparoscopic hysterectomy techniques, and ho homophobia is a health hazard.

Albert Einstein College of Medicine, School of Medicine

Clinical lecture series:	1986 - 1990
Endometrial Cancer, Gestational Trophoblastic Neoplasia, Ovarian Carcinomas, Vulvar Carcinoma, Cervical Carcinoma	

Stanford University, School of Liberal Arts and Sciences

Minority Summer Research Exchange Mentor for K. Virella	1995
Human Biology 32: lecturer	1994, 96
Research course Mentor for Dorinna Mendoza	1996
Lecturer for Medical Youth Science Program	2000

Stanford University, School of Medicine:

Lecturer: Anatomic and Clinical Correlations in Gynecological Cancer Surgery, First Year	1990 - 1996 1992
Lecturer: Queer Medical Series Course	2001
Course Director: Human Sexuality, GyOB 215	1993 - 1994
Lecturer: Taking a Sexual History	1994 - 1996, 97, 98
Early preclinical clerkships in Gynecology for:	
Dorothy Sipkins, MS I	1992
Anjou Goel, MS I	1994
Hyyah Muller, MS I	1993
Stephanie Yap, MS I	1994

Suzanne Mosher, MS I	1995	Lee Zane, MS I	1995
Il-Lun Chen, MS I	1996	Jill Galinus, MS I	1996
Jennifer Mohr, MS I	1996	Eve Zaritsky, MS II	1997
Dorinna Mendoza	1997	Mary Lu, MS I	1998
Eliza Gaengar, MSII	2000		

Research Fellowships:

Medical Scholar Clerkship, Polymerase Chain Reaction identifying Y Chromosome in three types of H. Mole, Anita Sit, MS I	1994
Medical Scholar Clerkship, Review of atypical endometrial hyperplasia therapy with Provera and correlation with hysterectomy findings, Joyce Tang, MS II	1994
Research Rotation, Creating an Algorithm for clinical care of menopausal women, Rebecca Legg, MS II	1995
Chief Residency Independent Study, Kristin Pullen, MD	2002

Stanford University, Department of Gynecology and Obstetrics

Residency Co-Director	1990 - 1991
Annual Resident Lecture series in Cervical, Vulvar, Vaginal, Uterine, Ovarian Carcinoma	1990 - 1996
Director, Dysplasia & Laser Clinics	1990 - 1993 1994 - 1996
Grand Rounds: Virulent Subtypes of Endometrial Cancer	1991
Ovarian Carcinoma: Effective Debulking	1993
Endometrial Hyperplasia	1995
Resident Lectures: Cervix, Uterine, Trophoblastic diseases	1997 - 1998
Resident Lectures: Vulvar cancer, cervical dysplasia, Trophoblastic disease, board review	2000

Stanford University, Department of Internal Medicine

Lecturer, Cervical Dysplasia and Cancer	1996 – Present
Lecturer, Gyn Cancer Prevention and early detection, annual	1996 - Present
Adjunct Instructor, Gynecology and Gynecologic Oncology Residents rotate through my office	1998 – Present
Lecturer, Division of Gastroenterology, TPN	2001

Stanford University, Department of Primary Care

Lecturer, Gyn Cancer Prevention and risk reduction	1996 - 2002
--	-------------

Stanford University Institute for Endoscopy

Advanced Laparoscopic Surgery Instructor	1996 - 1999
--	-------------

RESEARCH AND CREATIVE ACTIVITY:

Current research activity is focused on laparoscopic hysterectomy and staging techniques with frequent retrospective reviews of data presented nationally and locally. Creative activity within my profession focuses on teaching total laparoscopic hysterectomy and on multiple grand rounds dissemination of the health information needed by clinicians to provide culturally competent health care to the sexual minority patient. I have been invited to teach these techniques at two international meetings of the Society for gynecologic Oncologists.

COMPLETED RESEARCH GRANTS AWARDED:

- 1990-1995 National Cancer Institute, Gynecologic Oncology Group Protocols. National Institute of Health, Postmenopausal Estrogen/Progestin Interventions Trial, Peter Wood, #HL25562, 4% Salary, Writing Group: Endometrial Pathology, GYN effects.
- 1994 American Cancer Society, Stanford University Institutional Research Grant, Prevention of Endometrial Carcinoma in Obese Women with cyclic Provera. Acct. #2-HJZ-620.
- 1994 American Medical Association, Women Physicians Health Study, Erica Frank, M. D. M.P.H., and K. O'Hanlan, M.D., a cross sectional survey of 2,500 female members of the American Medical Association and the American Association of Physicians for Human Rights.
- 1994 National Institutes of Health, Multicenter Trial of Group Therapy for Breast Cancer, Spiegel D, O'Hanlan K, Carlson R, SPO Grant # 13330.
- 1995 National Institutes of Health, Postmenopausal Estrogen/Progestin Interventions Trial Safety Follow-up Study, Marcia Stefanick, 1% Salary, NIH #N01-HV-48134, funded through June 15, 1997.
- 1995 National Institutes of Health, Woman Health Initiative, Clinical Center for the Clinical Trial and Observational Study, Marcia Stefanick, WH-93-90-W, 3-5% Salary.
